

Health and Safety Policy
Appendix A
Covid-19 specific

From autumn 2020 the following Health and Safety protocols will be in place whilst there is a high risk of Covid-19.

- Any pupils/staff/visitors with Covid-19 symptoms will NOT be permitted on site and will be required to get tested and provide evidence of the result before return
- Any pupils/staff/visitors in a household with someone that has Covid-19 symptoms will NOT be permitted on site and MUST follow the government guidance on self-isolating.
- On entry to the school ALL pupils/staff/visitors must apply hand gel.
- Visitors will have their temperature taken on arrival and if it is above 38 they may not be permitted on site.
- Visitors will provide contact details for the purposes of track and trace.
- Social distancing of 2m should be adhered to where possible

Class management

- Each class will be a bubble and should be separate from other classes
- Adults moving between classes MUST wash their hands between classes
- Any shared equipment must be cleaned between classes.
- Pupils/staff/visitors should avoid movement around the school as much as possible
- Classes will have staggered arrival/break/departure times.

Cleaning

- Additional cleaning of high contact points will be carried out after lunch each day
- All furniture in daily use will be cleaned daily
- Soap/hand gel will be available in all classrooms/toilets/shared areas within the school

PPE

- PPE will be available to all staff
- Staff working close contact with pupils will wear visors

- Staff will have a bag containing gloves, mask and hand sanitiser to have with them.

Other

- Parents are not allowed on site unless invited
- Visitors are advised to arrive/leave outside of children's arrival/departure times
- Sufficient staff will be on duty for the arrival and departure of children - in the classroom, on the playground, at the gate, outside the grounds where children line up to come in
- An application has been submitted to close the road to school during arrival and departure times
- A one-way system for corridors where there is insufficient space to maintain a 2m distance
